SKU V03PG

Case Pack: 10

High quality feeder for poultry, complete with lid!

The special construction of the flick grid keeps food waste to a minimum.

### **Poultry Hopper Feeder with Legs, 25-lb**

SKU HF20PG

Case Pack: 1

These sturdy hopper feeders are simple to refill by using the screw lid on top of the feeder.

Legs to elevate the feed off the ground to keep feed cleaner.

### **Feedomatic Automatic Chicken Treadle Feeder, 25lbs and 40lbs capacity**

25lbs SKU AF12F | 40lbs SKU AF20F

Case Pack: 1

Made in the Netherlands, this treadle feeder is of the highest quality construction and will provide a tremendous cost savings.

When your chicken steps onto the treadle platform, the Feedomatic opens the lid allowing your chickens to feed. When they step off, the lid closes and pests, like mice, rats and wild birds, can't get to the feed.

## **Poultry Health and Brooding Supplies**

**Chick Brooder Heating Plate, 20-25 Chicks, 12 x 12**

**SKU WP-30USA**

**Case Pack: 5**

A heating plate is a substitute for Mother Nature, where the hen keeps the chicks warm under her feathers. It is a very natural solution with a big advantage: the chicks will harden earlier and also the growth of their feathers will be quicker. The chicks will be healthier. The lifetime of a heating plate is at least 10 years and the chance of malfunction is minimal.

This heating plate is suitable for  $\pm$  20-25 chicks and provides a safer brooding alternative to the heat lamp.

Height adjustment system for the legs makes this new heating plate very practical and time saving.

Very low energy costs: a heating plate uses less energy than a heating lamp.
